

# Creative 360 Birthday Parties – Unique, Creative and Fun!

There's nothing quite like a Creative 360 birthday party. We customize the art and activities to your child!

Following these activities is an hour for your own celebration, presents and any refreshments you provide.

**Option 1 Art and Movement (included in base package):**

For the first hour, we will plan and lead the kids through age appropriate art and movement activities customized to your child's interests. No two parties are alike since they are uniquely designed for the guest of honor. Recent party examples have included Ninja Turtle, Pokemon, Unicorn and general crafting themes. We have gone through ninja training, crafting a pokeball, and creating tote bags out of t-shirts. What can we do for your child?

**Option 2 Canvas Painting (Extra \$5 Material Fee per guest):**

If you prefer, we can customize a canvas painting party to go with your child's theme. These parties are designed like our Kids & Canvas events where the children follow along as an artist leads them through painting their own canvas to take home.

**Personalized Stories (extra \$50 fee):**

With some additional preparation (completing a questionnaire), our writers will create a personalized story for the guest of honor. The stories go along with the party theme and include mention of siblings and other family members, friends at the party, pets or anything else that will make the story uniquely theirs. These stories are a big hit with younger children especially. They are read to the children as part of the art and movement option. Each guest receives their own "souvenir" copy to take home that includes a picture from the party on the cover.
