

CALL FOR ART - Visual & Written

INTENTIONS: An Exhibition of Purpose & Desires

On February 19, 2021, the Creative 360 Gallery will open the exhibit **INTENTIONS: An Exhibition of Purpose and Desires**. We challenge you to create art - visual and written - that speaks to your own intention for the year.

Take some time to explore and define an intention that speaks to you personally and see where your artistic soul takes you. Let your creativity guide you - and keep in mind that many of the most powerful works of art have a less than literal tie to their theme.

This exhibit is open to people **all ages and abilities** from the Great Lakes Bay Region. While there are not awards, per se, we will hold a People's Choice poll during the exhibition and the top selections will have their work represented on our Bayliss St community mural which will be started this spring.
